Peter,

Have you started the transfer paperwork for the small mines that you acquired? Unless you have an agreement with these operators that they will continue to mine under their existing permits (meaning the Division will not release their bond monies), then the transfers should be initiated immediately.

The above link provides the transfer form required for this process.

Beth

We have retained the services of Mindy Wheeler to assist us in obtaining a large mine permit. Please feel free to contact her and give her any information pertaining to our application.  
Thank - you
